

OUR TASK FORCES

Equity Task Force

Health equity is the “attainment of the highest level of health for all people.” Efforts are made to ensure that all people have full & equal access to opportunities that enable them to lead healthy lives.

-Healthy People 2020

Shared Decision Making Task Force

Shared decision making is a collaborative process that allows patients and their providers to make health care decisions together, taking into account the best scientific evidence available, as well as the patient’s values and preferences.

-Informed Medical Decisions Foundation

Quality of Life Task Force

Will identify and assess the scope of cancer care services available throughout New Hampshire that provide individualized options for whole person care along the continuum of care. Will work with community partners to address gaps and barriers to these services.
